Gives outdoor learning a structure,  
and stretches things a bit!

It gives me  
a reason  
to fly  
wild  
like a  
bird

Helps to turn over a new leaf

It's a bridge into  
nature and the outdoors.  
It takes skills, learning  
and a mindset into  
everyday lives...

Adventure

It's important!  
It engages kids  
with the natural  
world:  
the outdoor classroom!

Getting into new things...

Helping people out of their shells

Better than  
watching telly
