The work parties are designed for Trust members to learn about how we manage our land and work with various partners. Non-members are welcome but under 18s must be accompanied. The dates listed are planned working days, but many people only join in for part of a work party if it is longer than one day. Travel, accommodation and food are not provided* but there is no charge for members (donations from non-members are appreciated to cover costs).

**Free accommodation is supplied by the Estate for Corrour work parties and a free boat lift into Li & Coire Dhorrcail work parties may be available from Arnisdale but wild camping will then be required.*
